## Policy 2020 for Students and Faculty

The NACSC Innovation and Startup Policy 2021-22 for students and faculty of institute will actively engage students, faculties and staff in innovation and entrepreneurship related activities by enabling creation of a robust innovation and Start up ecosystem in the campus. This policy will also facilitate in bringing uniformity in entire institute in terms of Intellectual Property ownership management, technology licensing and institutional Startup policy.

**Prof. Sandip Petare**  
Convener - Institution's Innovation Council  
Assistant Professor,  
Department of Biotechnology

## Preamble:

The primary mandate of IIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes. It is a pedestal to help knowledge driven enterprises to establish and prosper under organized scientific guidance. It also facilitates swift commercialization of a product based on sophisticated technology. The main objective of the IIC is to produce successful firms that will leave the program financially viable and free- standing.

These incubators “graduates” create job, commercialize new technologies, and strengthen national economies. Incubator tenants not only benefit from business and technical assistance, they also benefit from official affiliation with the incubator, a supportive community with an entrepreneurial environment, direct link to entrepreneurs, and immediate networking and commercial opportunities with other tenant firms.

## Overview

IIC- is the umbrella body for nurturing and overseeing innovation and entrepreneurship at NACSC. IIC will leverage from past experiences and give entrepreneurship a stronger push as well as serve to coordinate and promote innovation-driven activities at the institute. IIC- seeks to nurture technology and knowledge based ventures through their start-up phase by providing the necessary support to help entrepreneurs survive in the competitive market and reach a stage where they can scale-up their ventures further. The IIC- aims to build and share resources including space and infrastructure, access to business support services, mentoring, training programmes to enhance the skills of entrepreneurs and seed funds. The scope of support is broad-based, and covers technologies/IP developed wholly at the Institute or partly through collaborations elsewhere, as well as external start-ups with which VRSEC-members are associated as consultants or mentors. IIC- is also particularly open to proposals with strong social and strategic impact:

- Technology Business Incubation.
- Training and awareness programs in Entrepreneurship (EAC, EDP, FDP).
- Competitive events, lectures and workshops on soft skill development, case studies, b-plan
- competitions, innovators camps etc.
- Promoting Innovations in Individuals, Start-ups and MSMEs (PRISM).  
Technology Commercialization Program.

*S.P. S.S. Petkar*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts, Commerce  
and Science College, Wazirpur  
4

## Major focus of IIC:

- To create a vibrant local innovation ecosystem and start-up supporting mechanism in the institute
- Prepare institute for Atal Ranking of Institutions on Innovation Achievements Framework.
- Establish Function Ecosystem for Scouting Ideas and Pre-incubation of Ideas.
- Develop better Cognitive Ability for Technology Students.

## Functions of IIC:

- To conduct various innovation and entrepreneurship-related activities prescribed by
- Central MIC in time bound fashion.
- Identify and reward innovations and share success stories.
- Organize periodic workshops/ seminars/ interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators.
- Network with peers and national entrepreneurship development organizations.
- Create an Institution's Innovation portal to highlight innovative projects carried out by institution's faculty and students
- Organize Hackathons, idea competition, mini-challenges etc. with the involvement of industries

## Value added services offered by the IIC:

Start-ups are being counseled, mentored, given technical and business advices by experts and respective faculties of the institution. We will provide 3-tier counseling to the start-ups. IIC will act as also home to other supportive programs which have been able to support entrepreneurs and innovators coming to IIC-. The presence of a constellation of associated programs as mentioned below has greatly assisted the IIC- ecosystem development. IIC- along with supporting agencies and programs at VRSEC- supports innovators by

- Mentoring (round the clock)
- Technical support (Design, Simulations, Development and Testing)
- Financial support (Seed Support, Innovation, Refinement & Commercialization Grant)

*S.P.*  
*S.S. Petare*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce  
and Science College, Wazirpur

- Legal advices are given with the help of Intellectual Property.
- Fabrication Assistance through VRSEC--and IIT's numerous labs.
- Market Information (Product Development Strategies, Business Intelligence and Business Architecture)
- Networking with Research Laboratories (For Knowledge diffusion and day to day interactions).

### **The Ecosystem:**

NACSC-IIC- aims to coordinate, synergize and leverage the various strands of excellence driving innovation and entrepreneurship in a thriving ecosystem consisting of research at the cutting edge of science and technology, a highly successful body facilitating industrial interactions, and incubation in sectors such as rural technologies, industrial solutions and social impact. IIC- supports members of the NACSC-including staff, students, alumni, faculty, and R&D partners, in creating successful business ventures that can translate benefits from technology and knowledge innovations to the society at large.

### **VISION**

The Platform to Group the Students in Innovative and Creative Activities apart from Teaching Learning Systems.

### **MISSION**

To Enhance the Innovative Thinking and Developing Skills, Educate, Nurture a Culture of Innovation among Students

### **How do we achieve this?**

**Education:** Academic programs on social innovation and entrepreneurship for students across disciplines and degrees at NACSC.

**Research:** IIC- provides an enabling environment for both student and faculty researchers interested in social enterprise research within the VRSEC-campus.

**Catalyzing Innovation:** Encouraging young innovators and entrepreneurs by assisting in the development of socially-beneficial products and ideas

**Collaboration:** Creating an ecosystem that extends to other technology institutions.

Internal Quality Assurance Cell  
Indraprastha New Arts, Commerce  
and Science College, Wazirpur

# NACSC Innovation and Start-up Policy for Students and Faculty

## 1. Strategies and Governance

a. Entrepreneurship promotion and development is one of the major dimensions of the Institute strategy. To facilitate development of an entrepreneurial ecosystem in the organization, specific objectives and associated performance indicators are defined for assessment.

b. Implementation of entrepreneurial vision at the institute was achieved through mission statements rather than stringent control system.

c. The institute is supporting pre-incubation, incubation infrastructure and facilities by resource mobilization plan. In order to reduce the organizational constraints, a sustainable financial strategy also defined as follows.

- i. Investment in the entrepreneurial activities was a part of the institutional financial strategy. Minimum 1% fund of the total annual budget of the institution is allocating for funding and supporting innovation and startups related activities through creation of separate 'Innovation fund'.
- ii. The institute is raising the funds from diverse sources to reduce dependency on the public funding by the strategy of bringing in external funding through government (state and central) such as DST, DBT, MoE, AICTE, TDB, TIFAC, DSIR, CSIR, BIRAC, NSTEDB, NRDC, Startup India, InvestIndia, MeitY, MSDE, MSME, etc. and non-government sources
- iii. The institute also moves towards private and corporate sectors to generate funds, under Corporate Social Responsibility (CSR) as per Section 135 of the Company Act 2013.
- iv. Institute also raise funding through sponsorships and donations by actively engaging alumni network for promoting Innovation & Entrepreneurship (I&E).

*S.P.*  
*S.S. Petkar*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce  
and Science College, Wazirpur  
7

d. For accelerating the decision making, hierarchical barriers were minimized and individual autonomy and ownership of initiatives was promoted.

e. The Importance of innovation and entrepreneurial agenda was promoting and highlighting at institutional programs such as conferences, convocations, workshops, etc.

f. NACSC student and faculty startup Policy and action plan formulated at institute level, which is in line with the NISP-2019 along with well-defined short-term and long-term goals. Micro action plan also developed to accomplish the policy objectives.

g. Institute developed and implementing I & E strategy and policy for the entire institute in order to integrate the entrepreneurial activities across various centers, departments, faculties, within the institutes, thus breaking the silos.

h. Product to market strategy for startups was developed by the institute on case to case basis.

i. Development of entrepreneurship was not limited within the boundaries of the institution.

i. The institute is also giving an opportunity for regional startups, provision to extend facilities for outsiders and active involvement of the institute in defining strategic direction for local development which helps in developing entrepreneurship culture in its vicinity.

ii. Strategic international partnerships developed using bilateral and multilateral channels with international innovation clusters and other relevant organizations. Moreover, international exchange programs, internships, engaging the international faculties in teaching and research also promoted.

## 2. Startups Enabling Institutional Infrastructure

The institute has been established pre-incubation and incubation facilities for nurturing innovations and startups in the institute level. Incubation and Institution Innovation Council organically interlinked. The goal of the effort by the IIC is link INNOVATION to ENTREPRISES to FINANCIAL SUCCESS.

*S.P.*  
*S.S. Petal*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts, Commerce  
and Science College, Wazirpur

- a. The institute created facilities within the campus for supporting pre-incubation (e.g. IICs as per the guidelines by MoE's Innovation Cell, EDC, IEDC, New-Gen IEDC, Innovation Cell, Startup Cell, Student Clubs, etc.) and Incubation/ acceleration by mobilizing resources from internal and external sources.
- b. This Pre-Incubation/Incubation facility accessible 24x7 to students, staff and faculty of all disciplines and departments across the institution.
- c. Pre-incubation facilities in the campus are not a separately registered entity or Special Purpose Vehicle (SPV), but 'Incubation cum Technology Commercialization Unit' (ITCU) is a separate entity and registered under Section-8 of Company Act 2013 or 'Society' registered under Society Registration Act with independent governance structure. This will allow more freedom to Incubators in decision making with less administrative hassles for executing the programs related to innovation, IPR and Startups.
- d. The institute is also offering mentoring and other relevant services through Pre-incubation/Incubation units in-return for fees, equity sharing and (or) zero payment basis. The modalities regarding Equity Sharing in Startups supported through these units will depend upon the nature of services offered by these units and are elaborately explained
- e. The institute established Institution's Innovation Councils (IICs) as per the guidelines of MoE's Innovation Cell and allocating appropriate budget for its activities. VRSEC IIC conducts various activities related to innovation, startup and entrepreneurship development.

### 3. Nurturing Innovations and Start-ups:

a. At the operational level, IIC- is primary responsible for nurturing new companies, as well as for identifying promising pre-company opportunities. In this process VRSEC--resources including the extensive and very active alumni network play a major role.

b. The institute established processes and mechanisms for easy creation and nurturing of Startups/enterprises by students (UG, PG), staff (including temporary or project staff), faculty, alumni and potential start up applicants even from outside the institutions through IIC.

*S.P.*  
*S.S. Petani*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts, Commerce  
and Science College, Wazirpur

c. processes and mechanisms of the institute are follows:

i. Incubation support: Offer access to pre-incubation & Incubation facility to start ups by students, staff and faculty for mutually acceptable time-frame.

In case the institute doesn't have a dedicated facility/ infrastructure of its own, then it may reach out to co-incubation facilities in other reputed institute in order to facilitate access to their students, staff and faculty.

ii. Licensing of IPR from institute to start up: Ideally students and faculty members intending to initiate a start up based on the technology developed or co-developed by them or the technology owned by the institute, are allowed to take a license on the said technology on easy term, either in terms of equity in the venture and/ or license fees and/ or royalty to obviate the early stage financial burden.

iii. Setting up a start up (including social start ups) and working part-time for the start ups while studying / working: The institute allow the own students / staff to work on their innovative projects and setting up start ups including Social Start ups or work as intern / part-time in start-ups while studying / working. Student Entrepreneurs earn credits for working on innovative prototypes/Business Models. Institute defined clear guidelines to formalize this mechanism. Student inventors may also be allowed to opt for start up in place of their mini project/ major project, EPICS, internships. The area in which student wants to initiate a start up may be interdisciplinary or multi-disciplinary. However, the student must describe how they will separate and clearly distinguish their ongoing research activities as a student from the work being conducted at the start up.

d. Students who are under incubation, but are pursuing some entrepreneurial ventures while studying will be allowed to use their address in the institute to register their company with due permission from the institution.

e. Students entrepreneurs are allowed to sit for the examination, even if their attendance is less than the minimum permissible percentage, with due permission from the institute.

f. The institute will allow the students to take a semester/year break (or even more depending

upon the decision of review committee constituted by the institute) to work on their start ups and re-join academics to complete the course. Student entrepreneurs can also

Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce and Science College, Wazirpur

S.P. S. Perla  
10

earn academic credits for their efforts while creating an enterprise. Institute set up a review committee for review of start up by students, then approval from academic council, governing body and based on the progress made, it may consider giving appropriate credits for academics.

- g. The institute can explore provision of accommodation to the entrepreneurs within the campus for some period of time.
- h. Institute allow faculty and staff to take off for a semester / year (or even more depending upon the decision of review committee constituted by the institute) as sabbatical/ unpaid leave/ casual leave/ earned leave for working on startups and come back. Institution allows using of its resource to faculty/students/staff wishing to establish start up as a fulltime effort. The seniority and other academic benefits during such period may be preserved for such staff or faculty.
- i. Institute will facilitate the startup activities/ technology development by allowing students/faculty/ staff to use institute infrastructure and facilities, as per the choice of the potential entrepreneur in the following manners:
  - i. Short-term/ six-month/ one-year part-time entrepreneurship training.
  - ii. Mentorship support on regular basis.
  - iii. Facilitation in a variety of areas including technology development, ideation, creativity, design thinking, fund raising, financial management, cash-flow management, new venture planning, business development, product development, social entrepreneurship, product- costing, marketing, brand-development, human resource management as well as law and regulations impacting a business.
  - iv. Institute may also link the startups to other seed-fund providers/ angel funds/ venture funds or itself may set up seed-fund once the incubation activities mature.
  - v. License institute IPR as discussed in section 4 below.
- j. In return of the services and facilities, institute take 2% to 9.5% equity/ stake in the startup / company, based on brand used, faculty contribution, support provided and use of institute's IPR. Other factors for consideration should be space, infrastructure, mentorship support, seed- funds, support for accounts, legal, patents etc.

*S.P.*  
*S.S. Petani*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts, Commerce and Science College, Wazirpur  
11

For staff and faculty, institute can take no-more than 20% of shares that staff / faculty takes while drawing full salary from the institution; however, this share will be within the 9.5% cap of company shares.

- k. The institute also provides services based on mixture of equity, fee-based and/ or zero payment model. So, a startup may choose to avail only the support, not seed funding, by the institute on rental basis.
- l. Institute extends this startup facility to alumni of the institute as well as outsiders.
- m. Participation in start-up related activities considered as a legitimate activity of faculty in addition to teaching, R&D projects, industrial consultancy and management duties and considered while evaluating the annual performance of the faculty. Every faculty encouraged to mentor at least one startup.
- n. Product development and commercialization as well as participating and nurturing of startups added to a bucket of faculty-duties and each faculty would choose a mix and match of these activities (in addition to minimum required teaching and guidance) and then respective faculty are evaluated accordingly for their performance and promotion.
- o. Institute also update/change/revise policy guidelines according to changes in the rules and regulations of MoE after constituting the committee.

#### **4. Product Ownership Rights of all Technologies Developed at Institute**

- a. When institute facilities / funds are used substantially or when IPR is developed as a part of curriculum/ academic activity, IPR is to be jointly owned by inventors and the institute.
  - i. Inventors and institute could together license the product / IPR to any commercial organization, with inventors having the primary say .License fees could be either/ or a mix of
    - 1. Upfront fees or one-time technology transfer fees
    - 2. Royalty as a percentage of sale-price
    - 3. Shares in the company licensing the product
  - ii. An institute not to hold the equity as per the current statute, so SPV may be requested to hold equity on their behalf.
  - iii. If one or more of the inventors wish to incubate a company and license the product to this

company, the royalties would be 1 to 2%, of sale price. If it is shares in the company, shares will again be 1% to 4%. For a pure software product licensing, there may be a revenue

*S.P. S. P. S.*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce and Science College, Wazirpur, Delhi

- sharing to be mutually decided between the institute and the incubated company.
- b. On the other hand, if product/ IPR is developed by innovators not using any institute facilities, outside office hours (for staff and faculty) or not as a part of curriculum by student, then product/ IPR will be entirely owned by inventors in proportion to the contributions made by them. In this case, inventors can decide to license the technology to third parties or use the technology the way they deem fit.
- c. If there is a dispute in ownership, a minimum five member committee consisting of two faculty members (having developed sufficient IPR and translated to commercialization), two of the institute's alumni/ industry experts (having experience in technology commercialization) and one legal advisor with experience in IPR, will examine the issue after meeting the inventors and help them settle this, hopefully to everybody's satisfaction. Institute can use alumni/ faculty of other institutes as members, if they cannot find sufficiently experienced alumni /faculty of their own.
- d. Institute Innovation Council (IIC) facilitates for providing services to faculty, staff and students. IIC will not say on how the invention is carried out, how it is patented or how it is to be licensed. If institute is to pay for patent filing, a committee constituting of faculty who have experience and excelled in technology translation can examine whether the IPR is worth patenting. If inventors are using their own funds or non- institute funds, then they alone should have a say in patenting.
- e. IIC of the VRSEC is also the nodal body to frame and monitor agreements regarding policy and fair use between VRSEC and incubated companies.
- f. The institute promote interdisciplinary research publication and patents from startup and entrepreneurship

## 5. Organizational Capacity, Human Resources and Incentives

- a. Faculty members at VRSEC- are continuously engaged in knowledge generation and dissemination. A large number of R&D activities are being carried out by faculty members and students in several cutting-edge science and technology areas.

However, most of these research outcomes do not get translated into commercial products,

*S.P.S. Patil*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce and Science College, Wardhe

benefiting the society in general, due to several reasons including lack of interest of the industry in commercializing new and futuristic technologies. Towards this end, VRSEC-, in line with the best practices of other institutes of higher learning across the world, proposes to encourage interested faculty members to open companies, be on the board of such companies in capacity of a Director, Chairman or any such role. It is expected that faculty members will make all efforts to balance their academic responsibilities while assuming the above role

- i. Some of the relevant faculty members with prior exposure and interest deputed for training to promote I&E.
- ii. To achieve better engagement of staff in entrepreneurial activities, institutional policy on career development of staff developed with constant up skilling.
- b. Faculty and departments of the institute work in coherence and cross-departmental linkages to strengthen through shared faculty, cross-faculty teaching and research in order to gain maximum utilization of internal resources and knowledge.
- c. Periodically some external subject matter experts such as guest lecturers or alumni can be engaged for strategic advice and bringing in skills which are not available internally.
- d. Faculty and staff of the institute are encouraged to do courses on innovation, entrepreneurship management and venture development.
- e. In order to attract and retain right people, institute developed academic and non-academic incentives and reward mechanisms for all staff and stakeholders that actively contribute and support entrepreneurship agenda and activities.
  - i. The institute supports office and lab space for entrepreneurial activities, reduced work loads, awards, trainings, etc. to the staff
  - ii. A performance matrix developed and used for evaluation of annual performance
  - iii. it is expected that incentives to student/faculty will bolster institute's efforts to create Innovation/IP culture. Therefore, institute shall in principle promote faculty/students' in filing IP by extending monetary support.
- f. To answer the doubts and queries of the innovators and enlisting the facilities available at the institute, a ready reckoner of Innovation Tool Kit, this is kept on the IIC homepage of institute's website.

*S.S. Petare*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce and Science College, Wardha

## 6. Creating Innovation Pipeline and Pathways for Entrepreneurs at Institute Level

a. To ensure exposure of maximum students to innovation and pre incubation activities at their early stage and to support the pathway from ideation to innovation to market, the following mechanisms devised at institution level.

i. Spreading awareness among students, faculty and staff about the value of entrepreneurship and its role in career development or employability should be a part of the institutional entrepreneurial agenda through various workshops, conferences and by introducing innovation/IPR courses as part of curriculum.

ii. The institute added a EPICS course in the curriculum to solve the problems of the society and consumers. Entrepreneurs will innovate with focus on the market niche.

iii. The institute encourage the students to develop entrepreneurial mindset through experiential learning by exposing them to training in cognitive skills (e.g. design thinking, critical thinking, etc.), by inviting first generation local entrepreneurs or experts to address young minds through various facilities such as pre-incubation and incubation facilities of the institute. Initiatives like idea and innovation competitions, hackathons, workshops, bootcamps, seminars, conferences, exhibitions, mentoring by academic and industry personnel, throwing real life challenges, awards and recognition routinely organized.

iv. Institute encourages integration of education activities with enterprise-related activities to prepare the students for creating the start up through the education.

b. Institute link between student start ups and companies with wider entrepreneurial ecosystem and by providing support to students who show potential, in pre-startup phase. It will help the students in understanding real challenges which may be faced by them while going through the innovation funnel and will increase the probability of success.

## 7. Norms for Faculty Startups

a. The institute created norms for faculty to do start-ups for better coordination of the entrepreneurial activities.

i. Role of faculty varies from being an owner/ direct promoter, mentor, consultant or as on board member of the startup.

Institute work on developing a policy on 'conflict of interests' to ensure that the regular duties of the faculty don't suffer owing to his/her involvement in the startup activities.

Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce and Science College, Wazirpur  
15

iii. Faculty startup may consist of faculty members alone or with students or with faculty of other institutes or with alumni or with other entrepreneurs.

b. Faculty clearly separated and distinguished on-going research at the institute from the work conducted at the startup/ company.

c. In case of selection of a faculty start up by an outside national or international accelerator, a maximum leave (as sabbatical/ existing leave/ unpaid leave/ casual leave/ earned leave) of one semester/ year (or even more depending upon the decision of review committee constituted by the institute) permitted to the faculty based on the committee recommendation.

d. Faculty must not accept gifts from the startup.

e. Human subject related research in startup should get clearance from ethics committee of the institution.

#### 8. Pedagogy and Learning Interventions for Entrepreneurship Development

a. The institute adopted diversified approach to produce desirable learning outcomes, which includes cross disciplinary learning using mentors, labs, case studies, games, etc. in place of traditional lecture based delivery.

i. The Institute of VRSEC created student clubs/ bodies/ departments for organizing competitions, boot camps, workshops, awards, etc. These bodies involved in institutional strategy planning to ensure enhancement of the student's thinking and responding ability.

ii. NACSC recommends the committee to give an annual 'INNOVATION & ENTREPRENEURSHIP AWARD' for staff and students during annual day of the college to recognize outstanding ideas, successful enterprises and contributors for promoting innovation and enterprises ecosystem within the institute.

iii. For creating awareness among the students, the activities of NACSC include case studies on business failure and real-life experience reports by startups.

iv. Tolerating and encouraging failures: Our systems are not designed for tolerating and encouraging failure. Failures need to be elaborately discussed and debated to imbibe that failure is a part of life, thus helping in reducing the social stigma associated with it. Very importantly, this is a part of institute's philosophy and culture.

v. The NACSC identifies Innovation champions from within the students/ faculty/ staff for each department/ stream of study and nominating for in-house training to students and faculty for developing the ecosystem culture in the campus.

*S.P.*  
*S.S. Petani*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts, Commerce  
and Science College, Wazirpur

b. The NACSC imparted Entrepreneurship education to students at curricular/ co-curricular/ extracurricular level through elective/ short term or long-term courses on innovation, entrepreneurship and venture development.

i. NACSC collaborates with external incubation centers and industries for integration of expertise of the external stakeholders in the entrepreneurship education.

ii. In the beginning of every academic session, institute conduct an induction program about the importance of I&E so that freshly inducted students are made aware about the entrepreneurial agenda of the institute and available support systems. Curriculum of NACSC continuously updated based on entrepreneurship research outcomes.

iii. Student innovators, startup experts are engaged in the dialogue process while developing the strategy so that it becomes need based

iv. NACSC made pedagogical changes to ensure that maximum number of student projects and innovations are based around real life challenges. Learning interventions developed by the institutes for inculcating entrepreneurial culture are constantly reviewed and updated

## **9. Collaboration, Co-creation, Business Relationships and Knowledge Exchange**

a. Institute identifies potential partners, resource organizations, micro, small and medium-sized enterprises (MSMEs), social enterprises, schools, alumni, professional bodies and entrepreneurs to support entrepreneurship

i. To encourage co-creation, bi-directional flow/ exchange of knowledge and people ensured between institutes such as incubators, science parks, etc.

ii. Institute organizes networking events for better engagement of collaborators and opens up the opportunities for staff, faculty and students to allow constant flow of ideas and knowledge through meetings, workshops, space for collaboration, lectures, etc. through IIC of the institute to create successful ventures.

b. The institute managing the relationships with external stakeholders including private industries through pre-incubation and incubation facilities of the institute. From which knowledge exchange through collaboration and partnership made as a part of institutional policy.

i. Through formal and informal mechanisms such as internships, teaching and research exchange programmes, clubs, social gatherings, etc., faculty, staff and students of the

institute given the opportunities to connect with their external environment.

ii. IIC of the institute which is single Point of Contact (SPOC) mechanism created in the

*S.P.S. Patel*  
Coordinator  
Internal Quality Assurance Cell  
Indraprastha New Arts Commerce and Science College, Wazirpur  
17

institute for the students, faculty, collaborators, partners and other stakeholders to ensure access to information.

## 10. Entrepreneurial Impact Assessment

a. Impact assessment of institute's entrepreneurial initiatives such as pre-incubation, incubation, entrepreneurship education should be performed regularly using well defined evaluation parameters.

i. Monitoring and evaluation of knowledge exchange initiatives, engagement of all departments and faculty in the entrepreneurial teaching and learning should assess.

ii. Number of start-ups created, support system provided at the institutional level and satisfaction of participants, new business relationships created by the institute should be recorded and used for impact assessment.

iii. Impact should also measured for the support system provided by the institute to the student entrepreneurs, faculty and staff for pre-incubation, incubation, IPR protection, industry linkages, exposure to entrepreneurial ecosystem, etc.

b. The impact assessment should go hand in hand by circulating to the all departments existed in the campus. The information on impact of the activities should be actively used while developing and reviewing the entrepreneurial strategy.

c. Impact assessment for measuring the success is in terms of sustainable social, financial and technological impact in the market. COMMERCIAL success is the ONLY measure in long run.

# INDUSTRY ACADEMIA INNOVATIVE PRACTICE

## SANVAAD

An alumni interaction with the current students of department of biotechnology

### REPORT

Mr Dinkar Sheshrao Jayle was a regular student of post graduate department t of Biotechnology , New Art, Commerce and science College Wardha during academic year 2012- 2014. He is the son of farmer instead of moving towards traditional way of farming. He selected and set up a well equipped and advanced tissue culture Laboratory at village Botra , Akot, Dist Akola. This technique will help the farmers to get maximum yield within a short period of time. High quality plantlets are made available at low cost to the farmers through this laboratory. The banana plantlets are more popular and supplied to many district. This is the first tissue culture laboratory from vidharbha that utilizes the advanced and new technologies.

So Dinkar is the best example of Entrapreurship development model and hence an interactive session of one and half hour was arranged on 5/10/2018. He explained and guide the students about proper implementation of subject knowledge definitely help the students to live better life. He explained whole procedure of development of plantlets of banana tissue culture and suggested that one can achieve 40 to 50 kg of yield from a single plantlet. He also guide students about filing and **receiving patents of your own developed protocol.**

Near about 310 students from B.Sc and M.sc. were present for this interactive workshop. The workshop was made more interesting by Mr Jayle with the help of video, clips, slides and the virtual visit to his laboratory . The students learned many things and enjoyed the session very well.

## संपूर्ण विदर्भात एकमेव छोटेखांनीतील जय हनुमान टिश्यू कल्चर लॅब

### केळी उत्पादक शेतकऱ्यांसाठी बनले बोचरा आराध्य देवत.

**संशोधक दिनकर जायले यांचा स्तुत्य उपक्रम**

गजानन हुरपडे | अंजनगाव सुर्जी अंजनगाव शहरापासून साधारण अठरा किलोमीटर अंतरावर असणाऱ्या बोचरा गाव संपूर्ण विदर्भातील केळी उत्पादक शेतकऱ्यांसाठी देवत बनले असून केळी उत्पादन क्षेत्रात निरनिराळे संशोधन करून कमी काळात भरघोस पीक कसे घेता येईल यावर अनेक प्रजाती निर्माण केल्या आहेत. लॅब सुरू होण्यापूर्वी केळी उत्पादक शेतकरी दुसून केळीचे रोप आणून शेतीचे उत्पादन घेत होते. ज्यामध्ये अठरा महिन्यांचे पीक राहायचे मात्र जय हनुमान टिश्यू कल्चर लॅब मार्फत बारा महिन्यात केळीचे भरघोस पीक घेण्याचे संशोधन केले आहे. त्याच प्रमाणे ह्या केळी उत्पादनात घट कमी व मुनफा जास्त अशा प्रकारचे हमखास पीक मिळण्याची सन्भावना असल्यामुळे संपूर्ण विदर्भातील बहुतांश शेतकरी हे बोचरा येथे जय हनुमान टिश्यू कल्चर लॅब मधूनच केळीच्या पिकाची लागवड करीत असल्याचे समजते. संशोधक दिनकर जायले हे आपल्या उच्च शिक्षणानंतर कोणत्याही कंपनीत अथवा संशोधन केंद्रात नोकरी करू शकले असते मात्र त्यांनी स्वतःच्या कायद्यावेळी आपल्या भागात असणाऱ्या शेतकी व्यवसायाला वेगळ्या ठिकाणी नेण्याची जिद ठेवली म्हणून आज केळी उत्पादन क्षेत्रात अकोट तालुक्यातील बोचरा हे गाव संशोधन केंद्र म्हणून ओळखल्या जात आहे. शासनाने जरी ह्या केंद्राला इतरित केले असले तरी देखील शासकीय कृषी विद्यालय दरवर्षी ह्या लॅब मध्ये इंटर्नशिप साठी विद्यार्थ्यांना पाठवते. ज्यामुळे शैक्षणिक क्षेत्रात देखील ह्या संशोधन केंद्राची आपले नाव नोंदवून मनाचे स्थान मिळविले आहे. बहुतांश वनस्पती नष्ट होण्याचे मार्गदर्शक आहेत त्यांना पुन्हा जीवदान देण्यासाठी संशोधक दिनकर जायले प्रयत्नशील आहेत. ज्यामध्ये जैव तंत्रज्ञानातील अनेक संशोधक त्यांच्या ह्या कार्यात मदत करीत आहेत. एका उद्योगाच्या गावात निर्माण झालेली ही लॅब नक्कीच शेतकऱ्यांना लाभलेले यरदान असल्याचे गावकरी सांगत आहेत. त्यांचे ह्या कामाचे कौतुक म्हणून न्यू आर्ट्स कॉलेज ऑफ सामान्य कॉलेज वर्धा यांनी विद्यार्थ्यां पुरस्कार देऊन त्यांना सन्मानित केले आहे.

एका छोटेछा गावात माझा जन्म झाला आणि तेथेच शिक्षण घेतले. आर्थिक परिस्थिती हाताळीची असल्याने भावानी व वडिलोनी मोल मजुरी करून शिक्षण पूर्ण केले. मला त्यावेळी सरकारी नोकरीची देखील संधी मिळाली होती. मात्र गावासाठी व शेतकी व्यवसाया साठी काहीचरी करण्याची मानसिकता देऊन मी ह्या कामात गुंतलो. लोकंनी केलेले सहकार्य व शेतकऱ्यांचे आशीर्वाद ज्यामुळे जय हनुमान टिश्यू कल्चर लॅब आज विदर्भातील शेतकऱ्यांना दिलासा देण्यात यशस्वी शिखरा कडे वाटचाल करीत आहे. ह्या सर्व यशस्वी जीवनाचे आधारस्तंभ आई वडील व त्यांचे भाऊ आहेत.

### INDUSTRY ACADEMIA INNOVATIVE PRACTICE

#### SANVAAD

An alumni interaction with the current students of department of biotechnology

#### REPORT

Mr Jagan Bhalerao was a regular student of post graduate department t of Biotechnology , New Art, Commerce and science College Wardha during academic year 2014- 2016. Mr. Jagan Bhalerao is also famous as an Agriculture Scientist. Mr Jagan Bhalerao initially worked as Senior Agriculture Research Scientist & Head at Maharashtra State Seeds Co. Ltd, Akola. During - He also worked as Senior Research Scientist & Head at SEEDS India. He also worked as Senior Research Scientist and Head , Ellora Natural Seeds, Pvt. Ltd, Aurangabad, Maharashtra and now he is working in Daftari Agro Pvt. Ltd Seloo since last four years. He owned "Best Young Scientist National Award-winner Chennai, India and also State level Krushiratna Gaurav Purskar in 2021.

He explained and guide the students about use of biotechnology in agricultural field the recent trends and techniques definitely help the farmers to enhance their yield and productivity. Use of tissue culture techniques will prove a boon of society in future to satisfy the increasing demands of food.

250 students attend this seminar and get benefited. The students learned many things and enjoyed the session very well.

### Report

Department of Biotechnology organized one day international Interactive workshop on Role OF Small RNAs with big role in Infectious disease by Mr. Abhijit Bakre Ph.D. Associate Research Scientist, Department OF Infectious Diseases University OF Georgia US. Near about 280 Students from UG and PG classes attended the session. He highlighted on the mechanism of disease caused by the viruses of the animal and human. He has over 15 years of experience in molecular virology using recombinant DNA techniques, viral transduction, RNA interference, site directed mutagenesis, next generation sequencing to study how viruses modulate the immune system and identify novel regulatory mechanisms during disease pathology. He also spotted light on the opportunities in the fields of biotechnology in and outside INDIA. He presented many international peer reviewed research papers to disseminate his findings. He worked on many research projects especially on viruses and infectious diseases.

All the students get benefitted and asked queries about covid 19 and its spread etc. They enriched their knowledge through such a intellectual guest talk.

Invitation Letter :

June 4, Friday, 2021

To ,

Mr. Ujwal Fultambakar,

Assistant Manager Quality Assurance,

Serum Institute of India Pvt. Ltd., Pune

**Subject: Invitation to Alumni Interaction**

Dear, Ujwal

We feel really happy to know that you are working as a Assistant Manager at Serum Institute of India Pvt Ltd. since last 3 years and contributing your noble service during this pandemic. Its great to hear that you are achieving great heights in this field and set an ideal for your juniors and other students, hence we feel that your interaction with our students will definitely inspire and motivate them to move onwards in this sector.

Hence, kindly provide us some time on Sunday 6<sup>th</sup> June 2021 to share your experiences with junior students.

Looking forward for your generous consideration ..

With Regards

## INDUSTRY ACADEMIA INNOVATIVE PRACTICE : SANVAAD

### REPORT

### “Introduction to Biopharmaceutical Industry”

An alumni interaction with the current students of department of biotechnology was conducted under the aegis of Sanvaad an “Introduction to Biopharmaceutical Industry” by Mr. Ujwal Fultambkar , Assistant Manager, (QA) Serum Institute of India Pvt. Ltd, Pune on 6 June 2021 using Zoom Platform at 2:00 pm IST. Near about 304 students from undergraduate and postgraduate department joined and attend this online meeting. Mr. Ujwal highlighted the procedure of making covid vaccine by different companies. Recently there are two versions of this vaccine available as Covaxin and Covishield.

He further added that the high degree purity and aseptic environment is maintained and monitored during the preparation and packaging of any drug or vaccine. COVID 19 is found to be highly contagious disease. So lot of difficulties were faced due to its variants and genetically unstable nature of the virus. He was actually a part of the process of making vaccine against such a pandemic disease and saving lives of thousands and thousands of people. Hence Chairman, Principal and Head of the department appreciate his work and feel proud for being our alumni.

Our students also get encouraged to work hard and congratulate him for his rigorous hard work. All staff members wish him for his better future ahead and said to visit college as and when possible to motivate our students.

## Report

Department of biotechnology organizes an international webinar on “Role Of Youth In Agriculture” for B.Sc. and M.Sc. students of biotechnology on 18 December 2021. Near about 227 students attend the webinar. Dr. ajay pnchbhai was the guest speaker. He is working as a Regional Breeding Lead – East and Southern Africa Seed Systems and Product Management Lead- Africa International Rice Research Institute(IRRI)ILRI Campus, Nairobi, Kenya.

He discuss about the current research at international level about rice and its quality. He added that the production of rice needs lot of water. But day by day we are facing problem for availability of water as well as land. So research is going on in this direction about production of rice using less amount of water as well as some hydro techniques.

Students get benefited with this webinar and asked lot of questions and try to satisfy their enthusiasm. Principal of the institution presented vote of thanks for his intellectual presentation.

### Report on One-Day Workshop on Banking and Insurance Services

**Date: – 19<sup>th</sup> March 2019**

**Venue: -Seminar Hall**

**Organized by:- Department of Commerce and Management**

**Resource person:- Dr. Amit Bhabulkar (Working in BSE)**

A report on the one-day workshop on Banking and Insurance Services organized by the Department of Commerce and Management. The workshop, conducted by Dr. Amit Bhabulkar, a seasoned professional with 18 years of experience at the Bombay Stock Exchange (BSE), proved to be an informative and engaging event for all participants.

#### **Overview:**

The one-day workshop aimed to provide participants with valuable insights into the intricacies of banking and insurance services, with a focus on the contemporary trends and challenges in the financial sector. Dr. Amit Bhabulkar's extensive experience in the industry made him an ideal facilitator for the workshop, offering a unique blend of theoretical knowledge and practical expertise.

#### **Workshop Highlights:**

##### **1. Introduction to Banking and Insurance Services:**

The workshop commenced with an overview of the banking and insurance sectors, covering their roles, functions, and the evolving landscape of financial services. Dr. Amit Bhabulkar provided a comprehensive background, laying the foundation for deeper exploration.

☎ : (07152) - 253093,240152, Fax : 07152-240152

### 2. Regulatory Environment:

Participants gained insights into the regulatory frameworks governing banking and insurance services. Dr. Bhabulkar shared his expertise on the regulatory bodies and their roles in ensuring compliance and stability within the financial sector.

### 3. Risk Management and Financial Instruments:

The workshop delved into risk management practices in banking and insurance, discussing various financial instruments and their applications. Practical examples and case studies were employed to illustrate the importance of effective risk mitigation strategies.

### 4. Market Trends and Emerging Technologies:

Dr. Amit Bhabulkar shared valuable insights into the latest market trends and emerging technologies shaping the banking and insurance sectors. Participants gained an understanding of how advancements in technology are influencing service delivery and customer interactions.

### Dr. Amit Bhabulkar - Workshop Facilitator:

Dr. Amit Bhabulkar, with 18 years of experience at the Bombay Stock Exchange, brought a wealth of knowledge to the workshop. His engaging presentation style and ability to relate theoretical concepts to real-world scenarios enriched the learning experience for all participants.

### Interactive Sessions and Participant Engagement:

The workshop included interactive sessions where participants had the opportunity to engage with Dr. Amit Bhabulkar, ask questions, and discuss specific industry-related queries. These interactive elements facilitated a dynamic exchange of ideas and enhanced the overall learning experience.

### Conclusion:

The one-day workshop on Banking and Insurance Services, conducted by Dr. Amit Bhabulkar, was a resounding success. The event not only broadened participants' understanding of the banking and insurance sectors but also provided them with practical insights from an industry expert.

### DESIGN Of DRONE :

#### Operations Manager

Mr. **Shubham Murle** is a student of Commerce And Management during the session 2018-2019 and was interested in watching and making electronics instruments. Basically he is from a very small village Pawnar District Wardha Maharashtra . His interest turn into his profession after successful manufacturing of a DRONE during his college days. He conducted the trial in the college premises and everyone appreciated his efforts. His model of DRONE successfully took off. This proved to be the real mine stone for his career. MLA of the district and Principal of the college congratulate him for his innovative work. The support and the guidance were provided to him by the professors of the college and the Principal.

He further step forward and complete his degree in Engineering and now working as a Operation Manager with Leads Connect Services Pvt. Ltd. As a full time employee since July 2022. Joining that venture he worked for them since 1 yr and 7 months at Noida, Uttar Pradesh, India - Hybrid Noida, Uttar Pradesh, India - Hybrid. Recently he is working as UAV Engineer making UAV for industries, projects and Aeromodelling hobbies, like UAV talon, Vtol, Fixed Wing and multi rotor Drones. He masters in mapping projects and crop analysis project with RGB, Multispectral Cameras, LiDAR .

Its really an honor for the Institution to have such a alumina. We wish him better future and a wonderful path ahead.

Mahila Vikas Sanstha's

(Accredited 'B' by NAAC)

## New Arts, Commerce & Science College, Wardha

- ★ Approved by Government of Maharashtra.
- ★ Affiliated to Rashtrasanta Tukdoji Maharaj Nagpur University, Nagpur.
- ★ Recognised by U.G.C. New Delhi Under section 2(f) & 12 (b) of UGC act 1956.

Batchelor Road, Nalwadi Wardha - 442 001. (Maharashtra)

☎ : (07152) - 253093,240152, Fax : 07152-240152

### Department of Physics

#### Workshop on : LED Display Making by Using Wifi

#### Schedule of Workshop

##### First Day

- 1) Basic Introduction of PCB manufacturing and its process
- 2) Basic function of Proteus software and making the simple circuit

##### Break time

- 3) Making PCB Circuit DC to DC converter

##### Second Day

- 1) Introduce block diagram of LED display board
- 2) Study of circuit and its connection
- 3) Arduino Programming

##### Break time

- 4) Create the final display board

### Report

Two days workshop on LED making display using Wi Fi was conducted by the physics department on 11 & 12 February 2020. 81 Students completed the workshop successfully. Mr. Akshay Mankar From Skill India, Government Of India had conducted the workshop. Students learned making digital display boards and get enriched. Principal and Head of the department appreciated the students who skillfully completed workshop.

## Report

MICROBIOLOGY SOCIETY , INDIA Wardha chapter organized **Microbial Food Festival** on 17/9/2020 by the department of microbiology. The programme was a grand success due to huge and active response as well as participation by the students. The event was inaugurated at the hands of honorable Dr. P. Shivswaroop , Regional Director IGNOU Nagpur. Principal Dr. A.B. Sasankar was the guest of honor and Head of the department V.P. Ughade was the president of the programme. The whole event was organized by the students. Total 344 students participated actively and there were near about 58 entries of different articles, food items, liquors, beverages, alcohol vaccines, drugs, enzymes, antibiotics, water treatment plants , fermented products, bakery products made by using micro organisms that are based on the microbial activity. Versatile use of microbes and the existence of mankind on earth is due to these microbes. So it was a bit tribute to them.

Dr. Shivswaroop appreciate the students effort and said that it was real brainstorming event that not only involve thinking of the process, designing, active making of dishes, food, collecting things of microbial activity and presenting with detail. Principal congratulate students for such a grand organization. All faculty members and the head of the department involve in supporting students.

<p><b>Guest Speaker</b></p>	<p><b>Dr. Dilip Peshwe</b></p> <p>Dr, D. R. Peshwe is currently working as a professor (HAG)(Hirer administrative grade) in the department of metallurgical and material engineering and Dean, VNIT , Nagpur. In his teaching career of 36 years he has guided more than 19 Ph.D. scholars and has over 300 publications in various national &amp; International journals and conferences and five patents and authored five books. He has coordinated and completed 15 R &amp; D projects of Government OF India amounting to rupees 10.00 crores and is presently working on five projects amounting Rs. 22 Crores with various R &amp; D organizations like NRB, NAL, BRNS, UGC-DAE, AUSC and KVIC.</p> <p>He is the recipient of various prestigious awards like Jawaharlal Memorial Trust Award, best S &amp; T Innovation Award Of Khadi Village And Industries Commission and the IIM-SAIL Gold Medal of Indian Institute OF Metals. He is a member of various professional societies like IIM, Indian Society of Cryogenics, Indian Institute Of Foundry men and Indian Society for Non Destructive Testing. He is associated with Various Bodies of Nagpur University and was also appointed on the Board Of Indian Academy OF Social Sciences.</p> <p>He Has also contributed towards Community Development through KVIC projects by Development of Rural Technologies. In addition he is associated with various technocal and social activities of MAharogi Seva Samiti, Warora, Govigyan Anusandhan Kendra , Devlapar and Lok Biradari Prakalp Hemalkasa, Bhamragarh, MGIRI Wardha. He is closely associated with the activity of various social NGO'S like GOONJ, Snehalaya , HMAHAN , SEARCH etc. Besides in his college he is motivating all the engineering students to actively participate in the social activites like teaching students to arrange Joy of Giving Week etc.</p>
<p><b>Introduction</b></p>	<p>This seminar is organized under the MoU of COTI (Clister OF Thirteen Colleges) under the activity soft skill and entrepreneurial development. Entrapreneurship is important for economic growth, productivity, innovation and job creation and as a key aspect of economic dynamism. Rural entrepreneurship is "Entrepreneurship Emenging at Village Level which can take place in a variety of fields such as business , industry, agriculture etc." The purpose behind the organization of seminar is to a create awareness in rural area for small employment.</p>
<p><b>Objectives</b></p>	<p>The objective of the programme is to motivate youth representing different sections of the society,Ex-service men and BPL person to consider self employment or entraprenuership as one of the career option. The ultimat objective is to promote new enterprises capacity building of existing MSME in the rrrrrrural area. The main purpose is to widen the base of entraprenueship by development , achievement , motivation among the less privilege section of the society.</p>
<p><b>Discussion</b></p>	<p><b>2. Highlights</b></p> <p>According to Dr. Peshwe sir, problematic condition of rural people related to different issue comes out in beautiful solution with simple strategy.</p> <p>The poor of India is an intractable problem to the poor of India can be a source of Innovation.</p> <p><b>2. Photographs with Caption</b></p>

## Report

Department of Home Economics under Entrepreneur development cell organizes one day workshop on the occasion of International Women's Day 8 March 2022. More than 125 students participated in this event actively and registered for the workshop. During the workshop all the tips regarding basic make up were provided by Mrs. Alka Dondal. She spotted light on the moisturizer used during different seasons, face cream used in summer, winter and rainy season, use of foundation, tone of skin, texture and quality of beauty products used during day or night. She also suggested some yoga or pranayam to keep the soul healthy that will automatically reflect on your skin. She further added the importance of hair style in Make Up.

All the students enjoyed the workshop and learned a lot and get able to do their individual basic make up as well party make up. Principal and the head of the department appreciate her efforts, skill and knowledge.
