## ROLE OF EUROPEANS IN INDIANS FREEDOM

1880-1920

This book makes a critical of the role of Europeans in the freedom in India, especially from 1880-1920. Tracing the factors responsible for the beginning of political awakening among the Indian masses, it discusses at length the formation of Indian National Congress and A.O. Hume's contribution to it. Further it examines critically the political agitation as well as propaganda work in Great Britain, the rising of extremism and revolutionary

Dr. Prashant R. Kadwe is presently of New Arts, Commerce and Science College, Nalwadi, Wardha, Maharashtra. He completed his Ph.D. from RTM Nagpur University in 2011. He has over 23 years of teaching experience. Besides having 57 of research papers published in National and international journals of repute, Dr. Prashant already has to his credit five books. Also he has participated in many conferences and seminars and delivered several guest lectures.

BOOK PUBLISHED BY : Dr MADAN INGLE

### About the Book

Dr. Madan B. Ingle is director of physical education and sports at New Arts, Commerce & Science College, Wardha. He attended 10 state level workshop and 6 National level seminar. He published 22 full papers in national conference/seminar proceeding. He also published 06 full papers in International conference and 4 Papers in Journals. He work as a selection committee member in basket-ball to select the R.T.M. Nagpur University Men and Women Team. Since 2005-2006 to 2019-2020. He is a member of selection committee in korf-ball to select the R.T.M. Nagpur University Team in the year 2001-02 to 2004-05 and also selection committee chairman in basket-ball game to select the R.T.M. Nagpur University men & women team in the year 2009-2010.

### About The Book

Sports have been increasingly organized and regulated from the time of the Ancient Olympics up to the present century. Industrialization has brought increased leisure time to the citizens of developed and developing countries, leading to more time for citizens to attend and follow spectator sports, greater participation in athletic activities, and increased accessibility. These trends continued with the advent of mass media and global communication. Professionalism became prevalent, further adding to the increase in sport's popularity, as sports fans began following the exploits of professional athletes through radio, television, and the internet all while enjoying the exercise and competition associated with amateur participation in sports.

In the new millennium, new sports have been going further from the physical aspect to the mental or psychological aspect of competing. Psychology-a behavioral science has made its contribution for improving sports performance further. Sports psychology is the scientific study of people and their behaviors in sport. The main job of a sports psychologist is to recognize how participation in sport exercise and physical activity enhances a person's development.

He is also associated with National and State Professional Associations viz ILA, VLA, DLISA, MOLSO, VSS, and NUCLA.

**About the Book :**

Library and information science is an interdisciplinary field of study that deals generally with organization, access, collection, and protection/regulation of information, whether in physical or digital forms. Library and Information Science is an interdisciplinary field that implements information technology in library science. It includes practice, the study of principles and perspectives of library management. Advances in Library and Information Science provides an outstanding career option for the candidate who wants to be a researcher and lecturer of Library & Information Science. Library and information science is an interdisciplinary field of study that deals generally with organization, access, collection, and protection/regulation of information, whether in physical or digital forms. Library and Information Science is principally a social science accompanied by practical skills such as ethnography and interviewing. Historically, traditions of public service, bibliography, documentalism, and information science have viewed their mission, their philosophical toolsets, and their domain of research differently. Still others deny the existence of a greater metropolitan Library and Information Science, viewing Library and Information Science instead as a loosely organized collection of specialized interests often unified by nothing more than their shared use of the descriptor information.

BOOK PUBLISHED BY: Prof. Dr. MADAN INGLE

Dr. Madan B. Ingle is director of physical education and sports at Indraprastha New Arts, Commerce & Science College, Wardha. He attended 11 state level workshop and 6 National level seminar. He published 23 full papers in National conference/seminar proceeding. He also published 06 full papers in International conference and 10 papers in journals. He published one book "Psychological Traits of Basketball and Volleyball men players". He work as a selection committee member in basket - ball to select the R. T. M. Nagpur University men and women Team. Since 2005 - 2006 to 2021 - 2022. He is a member of selection committee in korf - ball to select the R. T. M. Nagpur University team in the year 2001 - 02 to 2004 - 05 and also selection committee chairman in basket - ball game to select the R. T. M. Nagpur University men & women team in the year 2009 - 2010. In his supervision 95 college students selected in R. T. M. Nagpur University teams in West Zone & All India inter University tournaments in various games.

#### About the Book :

Research Methodology in Sports and Physical Education is designed to help students learn how to research, why to research, and what to research. The book integrates both quantitative and qualitative approaches to research and includes the most comprehensive coverage of qualitative methods. Research methodology simply refers to the practical "how" of any given piece of research. More specifically, it's about how a researcher systematically designs a study to ensure valid and reliable results that address the research aims and objectives. Methods are the specific tools and procedures you use to collect and analyze data.

#### Contents :

- Introduction to Sports and Physical Education
- Categories of Research Methodology
- Research Design
- Qualitative Research
- Physical Education & Sports Policy and Marketing
- Quantitative Research
- Structure of Sports Organization
- Physical Education Budget and Sport Finance
- Athletic Training and Awards
- Review of Research Literature
- Bibliography

BOOK PUBLISHED BY : DR ASHISH SASANKAR

**About the Authors:**

**Dr. Ashish Sasankar** did his MCA, M.Tech (CSE), M.Phil. (Computer Science) & Ph.D. in Computer Science from Rashtrasant Tukadoji Maharaj Nagpur University, Maharashtra (India). He has richly experienced 20 years in the field of Education and IT Industry. Currently, he is currently working as Principal in the most prestigious New Arts, Commerce and Science College, Wardha (India). He is a PhD Guide in the Faculty of Science (Computer Science) for R.T.M. Nagpur University, Nagpur (India). He has 77 National & International Journal Publications to his educational credentials. He has memberships of several renowned technical groups like IEEE and CSI. He had done more than 40 International and National Certification in IT Field.

**Prof. Prachi A. Sasankar** Specialist and educationist in Computer science done. M.Sc (Computer Science), MCA and MBA. She has a rich experience of 15 years in the field of Education and IT Industry. Currently, she is working as Assistant Professor in the most prestigious Sadabai Raisani Women College, Nagpur (India) that is affiliated to SNDT Women's University, Mumbai. She has 12 National & International Journal Publications to her credit. She is a Member of the ORCID and IAENG.

**About the Book:**  
This C Programming book is aimed at serving as a textbook for undergraduate engineering, BCA, B.Sc. (IT/CS), BCCA, students of computer science and all engineering courses. The objective of this book is to introduce the concept of C Programming and apply these concepts in problem solving and for Practical. The book provides a thorough and comprehensive coverage of the fundamentals and complete approach to Practical. The main focus has been to explain basic concept of programming required to solve the problem. A structured approach is followed to explain the process of problem solving. A theoretical description of the problem is followed by the underlying technique. These are then ably supported by an example followed by an algorithm, and finally the corresponding program. The book teaches how to program in C, assuming that the student has already learnt how to formulate algorithms in a functional style. The student will become a better C programmer, capable of writing programs that are easier to maintain. This is an intermediate to advanced C programming book written for C lovers, students, programmers, and other enthusiasts. The book is written to open many secrets of C, it also introduces various approaches to solve different problems.

# LIBRARY SCIENCE FOR LIBRARIAN AND DEGREE STUDENTS

Dr. Kishor S. Dambhare  
 Pramod W. Tadas  
 Dr. S. H. Urkudkar

Dr. Kishor S. Dhambhare: MISC., UGC NET, SET, Ph. D. He is working as Librarian and Head of the Department at Dr. R. G. Bhojar Arts, Commerce and Science College, Seeloo(Wardha). He has published and presented many research papers in reputed National and International Journals and Conferences. He has published book chapters also. He attended number of Conferences, seminars and workshops.

Pramod W. Tadas: MISC, M. Phil., Ph.D. pursuing. Presently working as Librarian and Head of Department in Indraprastha New Arts, Commerce and Science College, Wardha. He has Published and presented many research papers in reputed National and International Journals and Conferences. He has book chapter also participated number of Conference, Seminar and Workshops.

Dr. S. H. Urkudkar (1974) presently is a librarian at Arts & Science College, Pulgaon, Dist. Wardha(M.S.). He has developed library on modern lines and it is rendering efficient and effective services to the users in the colleges of backward and tribal region of eastern Maharashtra. Dr. S. H. Urkudkar has been awarded doctorate in Library and Information Science under the guidance of Dr. P.S. G. Kumar Ex – HOD & Librarian, R.I.T.M. Nagpur University, Nagpur. He is the Guide of M. Phil. & Ph. D. students & in his supervision 11 students awarded Ph. D., so far. He has presented number of papers in natinal, State and regional level Conferences and Seminars. He has published International and National Journals publications. He authored 13 Books published from national publishers. He has 23years working experience. He is also associated with National and State Professional Associations viz I.L.A, I.A, DUSA, MOLSO, VSS, and NUCLA.

### About the Book :

Library services have brought a lot of changes to library operations there by making access to knowledge more convenient to user. The new role of libraries in the 21st century is to be a learning and knowledge center for their users as well as the intellectual commons for their respective communities where, to borrow the phrase from the Keystone Principles, people and ideas interact in both the real and virtual environments to expand learning and facilitate the creation of new knowledge.

**About The Book**

Sports have been increasingly organized and regulated from the time of the Ancient Olympics up to the present century. Industrialization has brought increased leisure time to the citizens of developed and developing countries, leading to more time for citizens to attend and follow spectator sports, greater participation in athletic activities, and increased accessibility. These trends continued with the advent of mass media and global communication. Professionalism became prevalent, further adding to the increase in sport's popularity, as sports fans began following the exploits of professional athletes through radio, television, and the internet all while enjoying the exercise and competition associated with amateur participation in sports.

In the new millennium, new sports have been going further from the physical aspect to the mental or psychological aspect of competing. Psychology-a behavioral science has made its contribution for improving sports performance further. Sports psychology is the scientific study of people and their behaviors in sport. The main job of a sports psychologist is to recognize how participation in sport exercise and physical activity enhances a person's development.

**About the Author**

Kanchan Ingole obtained her M.A., HEC, M.A. (English). She is elected as a member of the Ad-hoc committee in fashion designing under the faculty of Humanities in Rastrasant Tukadoji Maharaj Nagpur University, Nagpur, since 2018. She has published her research papers in various renowned journals. She has attended many National and International conferences and workshops also. This is honour to say that her first book "Diet and Nutrition" got lots of response. Presently she is working as assistant professor and head department of Home - Economics in New Arts, Commerce & Science College, Wardha (M.S.). She has many experience of teaching and learning the subject.

**Contents**

- Introduction
- How to Make Fibres to Fabrics
- Designing Elements
- Fashion Fabric
- Textile Fibres and Designing
- Sewing Drafting and Pattern Making
- Textile Printing and Finishing
- Sustainability and Fashion
- Fashion and Textile Industry
- Careers in Fashion Technology

**About the Book**

Textile designing involves producing patterns for cloth used in clothing, household textiles (such as towels) and decorative textiles such as carpets. The field encompasses the actual pattern making as well as supervising part or all of the production process. In other words, textile design is a process from the raw material into finished product. Fiber, yarn and finishes are the key elements to be considered during the textile design procedure. Textile designers marry a creative vision of what a finished textile will look like with a deep understanding of the technical aspects of production and the properties of fiber, yarn, and dyes. Designs for both woven and printed textiles often begin with a drawing or watercolor sketch of the finished design. Traditionally, drawings of woven textile patterns were translated onto special forms of graph paper called point papers which were used by the weavers in setting up their looms.
