WORKSHOP ON

NATIONAL EDUCATION POLICY

(NEP - 2020)

Date : 15.05.2024

Hon'ble Dr. R.G. Bhojar

President, Mahila Vikas Sanstha, Wardha

Education primarily moulds human character leading to quantum changes in his qualities of thinking. Thus education is a task that needs to be handled with care as it is a process that defines an entire gamut of generations to come.

Decent education is a passport to a good comfortable and secure life. It should provide to hope and open avenue for a secured future for intelligent, hardworking and productive men and women of our society. It should help our students to contribute to the development of the nation through their knowledge, skill and character development. The ancient Greek philosopher rightly said, "The foundation of every state is the education of its youth". He also believes that educations are the business of educator as we do not select lawyer to treat patients or dentist to build a bridge, the business of education should be run by fair objectives and qualified professionals. The young must set the standard of various procedures of the system within broad parameter set by the society.

Dr. R.G. Bhojar is a writer, economist, administrator and impressive orator and above all an untiring teacher who in manifold ways tries to drive home and what actual academic world is. He guides first to redeem from the darkness of ignorance. According to him, education, alone can bring a sense of a balance to discriminate between right and wrong.

About Us

For over three decades, the Dr. R.G. Bhojar Group of Institutions has set a high standard in education, extending knowledge beyond conventional boundaries. Among the prestigious institutions in this group is the Indraprastha New Arts, Commerce and Science College (INACSC) in Wardha, established in 1990 by Dr. Rajesh Bhojar, a distinguished intellectual and philanthropist. Rooted in the holistic ideals of Mahatma Gandhi, INACSC has inspired students across India with its learner-oriented teaching methods. The college emphasizes a practical approach to education, preparing students to face life's challenges with confidence.

The Dr. R.G. Bhojar Group of Institutions is committed to imparting knowledge and life skills in core and frontier areas across Science, Arts, Commerce, and Management. Through innovative educational programs, we aim to develop students into professionals with exceptional competence, deep values, and a strong sense of responsibility to their professions and nation. Our students are not only taught but also mentored and guided towards achieving success.

The greatest asset of INACSC is its dedicated and highly qualified staff. Our faculty members serve not just as teachers but also as mentors, committed to supporting students in every aspect of their academic journey.

As a visionary scholar, Chairman Dr. R.G. Bhojar believes educational institutions are the epicentres of knowledge, capable of transforming unpolished stones into sparkling gems. Under his leadership, RGBGI offers a variety of educational programs at the diploma, bachelor's, and master's levels in fields such as Humanities, Commerce, Science/IT, Management, Social Work, Pharmacy, and Vocational Education.

With its unique approach, the Dr. R.G. Bhojar Group of Institutions stands as a model of excellence among educational institutions in the Vidarbha region.

Visionaries

Education primarily shapes human character, leading to significant improvements in the quality of one's thinking. Therefore, education must be approached with great care, as it is a process that influences countless future generations.

A quality education serves as a passport to a comfortable, secure life. It should instill hope and open avenues for a prosperous future for intelligent, hardworking, and productive individuals in our society. Education should empower students to contribute to national development through their knowledge, skills, and character. As the ancient Greek philosopher aptly stated, "The foundation of every state is the education of its youth."

We also believe that education is the responsibility of educators. The field of education should be governed by fair objectives and managed by qualified professionals, much like any other profession. The youth must establish standards within the broad parameters set by society, ensuring that the system operates effectively and ethically.

National Service scheme (NSS) has been playing a vital role in enriching the souls and minds of the students of the college since long time. The overall objective of this scheme is education and service to the community and by the community. The NSS volunteers take initiative in developing a Technocratic Environment and also help the underprivileged people to develop themselves. The scheme promotes the ability to present them in a better way. Thus the ultimate goal of the scheme is to strive to inculcate the bond of patriotism, national integration, brotherhood, communal harmony among these volunteers.

Library

The Central Library and Digital Library, situated on the ground floor, covers an extensive area of 6,750 sq.ft. This essential educational resource for the college features a collection of more than 23,663 books, 35 journals, and bound volumes accumulated since the library's inception. It utilizes the advanced LIBSOFT 2.0 integrated library management software (ILMS) to ensure efficient and seamless resource management and access.

A notable aspect of the library is its Electronic Resource Management package, which offers access to a wide range of e-journals for educators, researchers, and students. This includes resources through N-List (by INFLIBNET), DOAJ, DOAB, and NDLI. The library facilitates academic research and exploration across diverse fields such as Arts, Humanities, Commerce & Management, Science, and Social Work, through its rich collection of e-books, e-journals, and e-PG Pathashala modules.

To enhance resource accessibility, the library provides detailed information on new and archived books, a book search facility, journals, e-resources, newspapers, and more. The Web OPAC Module allows both in-house and remote access to the library catalogue and electronic publications. Users are given member IDs for direct access to N-List, all supported by a high-speed internet connection via UCN's 100 Mbps leased line.

The library's infrastructure caters to various learning preferences and requirements. It includes a reading room with a 200-students capacity and subscribes to six different newspapers, ranging from local to international. Additionally, it offers reprography services.

Beyond books and journals, the library promotes a vibrant learning and literacy community. It hosts special events like National Librarians' Day, Wachen Prerna Diwas, and book exhibitions to engage and inspire the academic community. Regular competitions in book reviews, general knowledge, and essay writing foster a competitive yet collaborative environment. The library also acknowledges outstanding contributions through Best Reader Awards and Best Library User Awards for both students and faculty, underscoring its vital role in educational excellence and community involvement.

Library Services Offered : Reference Service, E-Resources & Internet WI-Fi Service, Information Literacy Service, Access to open Source E-Books & E-Journals Service, New Arrival Display, INFLIBNET (N-List), Online Public Access Catalogue (OPAC), Network Resource Center Available to 10 Computers with Internet, Library User Orientation Programme, Reprography & Computer printing service, Syllabus Access, Questions Papers Sets.
